

I.S.S.E.S.

INTERNATIONAL STATIONARY STEAM ENGINE SOCIETY

SUBSCRIPTION RATES

ISSES Subscriptions run in-line with the calendar year.

You can become a Member of the Society at any time and will receive copies of all publications appropriate for the subscription year. Those subscribing late in the year (after October) should advise whether the subscription is for the current or forthcoming year.

All Members receive the Society's *Bulletin* (4 times a year). It is an A5 publication that includes up to 8-pages of colour images with a range of articles covering Stationary and Marine steam engines. Although concentrating on the UK, Australia and the USA, engines in other countries are covered from time to time. Sometimes other forms of power, i.e. I.C. and waterpower, feature as appropriate.

All Members are entitled to the occasional publication *ISSES Contact* (a newsletter produced as and when appropriate) that is delivered electronically.

UK Members also receive the annual Supplement *UK Engines* guide that lists places throughout the UK where stationary and marine engines, many in operation running under steam or by other means, can be seen either regularly or on selected dates.
